

Mindfulness Retreat

Teachers from our school participated in a mindfulness retreat at Shree Nadar School, led by Brother Phap Dung, a disciple of Zen Master Thich Nhat Hanh. Through walking and sleeping meditation, we experienced deep relaxation, inner peace, and the art of being truly present in the moment.

Igniting Young Minds With Innovation and Science!

Our Grade 8 students showcased their creativity and scientific skills through impressive projects like a room heater, solar eclipse model, and wastewater treatment plant, demonstrating their deep understanding of real-world applications in science.

English Classes

To enhance students' proficiency and confidence, we conducted an extra one-hour English class focused on ASSET exam preparation. These sessions provided targeted practice, improving comprehension, grammar, and critical thinking skills for better performance.

Celebrating Dedication, Rewarding Consistency !

To encourage regular attendance, we rewarded students who maintained full attendance with special recognition. This initiative motivated them to stay consistent in their learning journey and build a strong habit of discipline.

Balancing Dreams: Minakshi Shines Brightly!

Minakshi, a 14-year-old student at Dau Dayal School, is a bright and hardworking girl supported by Edu-GIRLS. She dreams of becoming an international judo player and works tirelessly to achieve it.

Her day starts at 5 AM, helping her parents make bangles before school. After studying and judo training, she continues helping at home until 9 PM.

Minakshi has won several gold and silver medals in district and Mandal-level judo competitions. She even competed at the state level in Ahmedabad.

Our school supports her with free education, books, sports training, midday meals, and a tablet for learning.

Her parents are proud of the opportunities she receives, knowing she is building a bright future. Minakshi's dedication and hard work inspire us all, and we believe she will achieve her dream of becoming a judo champion.

Dau Dayal Girls School

"Empower her future by supporting our girls' education. Your contribution today will create tomorrow's leaders!"

They are here to Fly!
