Indu Kumari's story

Indu Kumari is a student of Grade 4. She lives in a small rented room with her family. Her home has only one room where everyone lives together. There is no good light connection in the room. Many times, Indu studies using a candle. Indu and her family make bangles at home to earn money. Even after doing hard work at home, she never forgets to study.

She does not have a table or quiet space to study. But still, she tries her best. She learns everything in school and listens to her teachers carefully. In Grade 2, Indu got only 50% marks. But she did not give up. She worked hard and improved a lot. In Grade 3, she scored 80% marks in her exams. Everyone in her school was very proud of her. Indu is a bright and brave girl. Her story teaches us that with courage and hard work, we can do anything. She is a shining star in her school and an inspiration for all

Learning Through Activity

Our ECD students are learning very well through fun activities. They enjoy doing different tasks that help them understand concepts better. Through games and hands-on practice, they are learning addition, singular and plural words easily. These activities make learning interesting and joyful for them.

Ambedkar Jayanti Celebration

On Ambedkar Jayanti, our students shared powerful insights about Dr. B.R. Ambedkar, the pillar of our Constitution. Little anchors Shivanya from Grade 3 and Priyanshi from Grade 4 confidently led the event. Some students also gave thoughtful presentations, making the day meaningful and inspiring.

Spreading Love On Good Friday
