		Score		Difference		% of National Scaled Score	

Science : 34%

**Mathematics:
20%**

English : 10%

In March 2026, our ASSET results showcased a remarkable achievement by our students. Compared to November 2025 to March 2026, there has been an overall improvement of 20%, with our average increasing from 84% to 104%, surpassing the national average. This significant progress across all three subjects reflects the consistent hard work of our students and the unwavering dedication of our teachers, making it a truly proud moment for all of us.

From Last Quartile To Top Performers

Anshika

Khushi

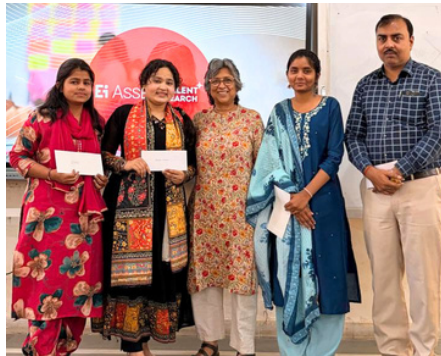

Chhaya

Our ASSET results reflected remarkable progress among students who were in the last quartile in November 2025. With focused support, Anshika, Chhaya, and Khushi have now become toppers in their respective classes. This transformation was made

possible through dedicated remedial classes in Mathematics, Science, and English, along with regular practice on Mindspark and previous year questions, and a strong focus on last quartile students.

S.No	Student Name	Grade	Nov-25	Mar-26
1	Anshika	8	277	800
2	Khushi	7	353	800
3	Chhaya	3	363	599

Distribution Of Prizes and Certificates

We celebrated our ASSET toppers by awarding school bags and certificates to the top performers in Mathematics, Science, and English. Our President Ma'am also appreciated the teachers' efforts by presenting them with prize money.

Inspiring Journey Of Ruby's Daughter Palak

Ruby, a young widow, works in our school as a non-teaching staff member and lives in the school hostel to support her children. Her daughter, Palak, a Grade 5 student, has shown remarkable dedication in her studies. Despite challenges, she scored an impressive 600 in Mathematics and 555 in English, emerging as the topper of her class.

Coming from a family with several siblings, Palak's achievement is a true reflection of her hard work and her mother's resilience, making their journey truly inspiring.

Sports Achievement

This month, our school proudly celebrated outstanding achievements in Judo. Gunjan and Mohini from Grade 5 won a Gold and Bronze medal respectively at the state-level competition held in Agra and have also been selected for the next level. Additionally, at the district-level competition, our girls displayed great strength and determination, winning 6 Gold, 2 Silver, and 2 Bronze medals, making it a truly proud moment for our school.

Home Visit

We were delighted to have Soumya from Kolkata, a writer, along with our yoga instructor Sara from the USA, visit the homes of our students. Their visit brought great joy and encouragement to the girls and their families, making it a memorable and inspiring experience for everyone.

Successful Completion Of TIPS Exam

Holi Celebration

Mala Rastogi
President

Dear Friends

We often feel concerned about the lack of civic sense, good governance, and declining moral values in our society. While the challenge seems huge, real change begins when we come together with a shared purpose—especially by empowering the next generation of young girls through education.

Let us unite to build a more inclusive and value-driven society. With just ₹101 per day, you can support a girl's education and transform not only her life but also her future.

₹ 101 per day
